## Simple Living, Sustainable Farming

Join us for an inspired evening with farmers **Tim and Krista Showalter Ehst**, owners of Valley Run CSA (Community Supported Agriculture). This charismatic couple will share stories about their simple living values in a complex world—and how this brought them to sustainable farming. Also featured are tasting tables and introductions to other local CSA farmers who produce high quality, all-natural food. This event is the second in our series which focuses on those making a difference in their community. Free and open to the public.
